Family/Woman Owned Since 1986**

Thanks for letting us serve you! A few kind words from our customers...

*We are so pleased with the quality and craftsmanship....they are going to add a real element of beauty to our house! THANK YOU to everyone across the board at Shuttercraft **Christine Burrows***

*Just wanted to let you know the shutters arrived and they are perfect! I'm very happy with them. **Tom Costantini***

*The shutters arrived in excellent condition. It has been a pleasure to do business with Shuttercraft. I know who to recommend for shutters.... **Angela Greenlee***

*You were all great to work with - meticulous and patient - excellent experience. **Timothy Meigher***

*Your company is outstanding and I will recommend you and your service VERY Highly!!! **Maureen Valente***

*I could not be happier. Thank you so much for your time, direction and patience. **Basil Sabbak***

*Thank you for all the over-the-top support. You guys have been amazing! Soon we will work on the other sides of the house and it should be amazingly simple since I have learned so much! **Natalie Ownings***

*Happy to recommend Shuttercraft! Craftsmanship is A+. Packing and shipping of shutters was A+ (packaging was almost a piece of artwork in themselves). Every measurement was exactly as we asked for. Labeling of all the pairs was brilliant. **Steve Morganthaler***

ORDER ANY SHUTTER SIZE TO THE 1/8" - PRICED PER PAIR

These authentic wood shutters are appropriate for restoring vintage homes, public buildings or dressing up newly constructed houses. Functional hardware creates an authentic installation for historic accuracy and a touch of elegance. Yoke pins on louvers and tilt rods are dip galvanized to assure long life. Choose from three louver widths to help match existing historic shutters.

Cross rail location can be specified at **NO CHARGE**

MEASURING & CONSTRUCTION- Shutters were the first storm windows ... Most often shutters are sized to fill or cover the same opening as a storm window or screen when they are closed. Although shutters today are often installed for decorative purposes, they look best when sized for the window opening. If shutters will be functional, measure the area they will fill or cover when closed. Allow 1/4" clearance all around the opening for shutters that will close into a window pocket (casing). Mortise & tenon construction is time tested, proven to provide long life in wood shutters, among many other wood products and antiques still with us today. Cedar is a renewable resource, the preferred wood for exterior shutters, and it is naturally decay resistant.

Typical Measuring Area

Fixed Louvers

Moveable Louvers

Raised Panels

HINGES & HOLDBACKS - Lift-off hinges and pintles are common ways of mounting shutters to the casing. Holdbacks (shutter dogs) are used to "hold" the shutter open. We offer several hinge types and offsets, along with decorative or hidden holdbacks, latches, pull rings, and more... Stainless steel options are available for ocean areas.

NO! These plastic shutters make these houses look worse instead of better. They are the wrong size for the window and mounted in the wrong location on the house.

YES! These real wood shutters are correctly sized for the window opening, mounted using authentic lift-off hinges & holdbacks. Real wood shutters make all the difference when the project is done right!

More kind words from our customers...

Oh, MY GOODNESS! What beautiful calendars you had made!! Our neighbors are very interested in your shutters; we are going to give them your information. We are so happy with your shutters, they are marvelous ! **Janie Dobbins**

We received the shutters and I love them. As in the past, the workmanship is exceptional and I just wish I had more windows that require shutters. Thank you and keep up the good work. **Rose Neville**

I'm just writing to tell you that we're very happy with our new shutters, thank you! **Jessica Dickler**

The shutters arrived safe and sound. Thank you. It is a pleasure doing business with you. **Fred Di Maio**

Shutters arrived today. They look great! It's been so nice working with all of you. You folks are a class act. I hope we can work together again and I will certainly recommend Shuttercraft. **Gregory Hooker**

You were so helpful and I was so pleased with the results. It is lovely to deal with a company who follows through with their promises and delivers a quality product. All the best. **Kathy Ellis**

I received the beautiful bird shutters in perfect condition. I am so thrilled beyond words and appreciate all you contributed to the fun contest at Mary Jane's Farm. Thanks again for your kindness, **Sandy Worley**

We feel the shutters are beautifully made and painted and fully live up to our expectations--and then some. The 30-year-old shutters I thought looked great before now look slightly less up to par. Yours are the best. Our contractor (who is ace) also commented on the very high quality of the work. **Leslie (and Stuart) Mitchner**

Thank you, your company is first class and your product is outstanding. **Christopher Garrett**

Real wood shutters make all the difference!
